

HIGHLIGHTS

EDITORIAL

Dear Partners, Donors, Friends and well-wishers,

The period from April to September 2019 were action packed in HSP. Apart from the fact that we were flooded by the lists of our foreign donors more systemic changes were made in our schools in order to impart quality education to our children as per our vision and Govt. norms. The input from our donors regarding renovation required to be done in Baksara campus and other place was an added incentive to work harder in maintaining our infrastructure. We have a long way to go in rationalizing our service rules and salary structure in HSP. Separate committees are looking into it for overall job-satisfaction among our staff.

Wishing you all A Merry Christmas and a grace-filled New Year.

With warm regards,

Maj. Gen. Amulya Rajan Anthony Sah (Retd.)
SECRETARY, HSP

To our Donors friends & well-wishers,

"LET NO WEAK MEMBERS OF HUMAN FAMILY BE IGNORED, NEGLECTED, NOR ATTENDED TO, NOR CARED FOR, NOR LOVED OTHERWISE THE DIGNITY OF THE WHOLE FAMILY IS ADVERSELY AFFECTED."

What is Howrah South Point ?

Howrah South Point is an Indian NGO working for the poorest of the poor, rendering services to poor handicap children and reaching to those, whom are in medical need but cannot afford, educating poor children formal and non-formal schools. That is giving education to those who cannot afford it nor are helped by the society.

This NGO was started in 1976 by Rev. Fr. Francis Laborde who was inspired to start this mission by two people, first, Blessed Fr. Antony Chevrier (1826-1879) a priest who lived at Lyons and consecrated his life to service of the poor, especially for the poor children in the beginning of Industrialization in Europe. Second, Cardinal L. T. Picachy, then the Archbishop of Kolkata. He summoned Fr. Laborde to start at Andul Road a home for poor handicapped children to which will be attached a dispensary for the poor of the locality. Since then till date poor and neglected of the society, irrespective of caste and religion have been the beneficiaries of this Organization.

Today HSP works in Providing services like, Rehabilitation of poor Handicapped children, Health Care, Education through Formal and informal schools. These services are provided through the Three Branches, Jalpaiguri, Howrah and Asansol.

ANAND BHAVAN HOME (Asansol Branch)

INTRODUCTION - Anand Bhavan Home is a destitute children home at Kalipathar (Asansol) with 75 residential students, among them 41 are girls and 34 are boys. Celebrations -

- Independence Day - 15th August'1947 was a red letter day in the history of India, when India got freedom from the rulers. It took hundreds of years to us to break shackles of slavery. We celebrate this golden day every year with great pomp. Like every year, we have celebrated the day this year with our little children, their parents, our teachers and the staffs. In the morning we decorated the flag-hosting area with flowers and colors. Our respected Rev. Fr. Lawrence gave a Bengali Mass and then hoisted the national flag sharp at 9:30a.m. All the students, teachers and our guests saluted the flag and sang the national anthem together. Then followed the cultural programs- patriotic poems and songs were recited both by the teachers and the students and also recitation and dance-programs. Our hostel-students presented two beautiful group dances. Our respected Rev Fr. Lawrence distributed the prizes of Drawing Competition to the students. At the end of the programme, our teachers distributed some cakes to the students. There was also a Club Activity Exhibition. The celebration ended with the beautiful smiles of our children.

- World Yoga Day - We have celebrated World Yoga Day 2019 in our school premises on 21st June to bring peace in every soul. Yoga is a mental, physical and spiritual practice. Very willingly, many students took part in the celebration. Our respected head sir gave a brief speech about the importance of yoga and discipline in everyday life.

- Brikkhoropon Utsav - We celebrated the Brikkhoropon Utsav on 1st July 2019 with our respected Headmaster and the students of Class- III & Class-IV. It was included in our Nature's Club Activity.

- Teacher's Day - Teachers' Day was celebrated in our school on 5th September and the celebration was started on 9 a.m. in the school playground. The program was started with a beautiful prayer song and our respected Headmaster Mr. Arunjit J.P. Biswas offered flowers to a portrait of Dr. Sarvepalli Radhakrishnan. A student then gave the audience and the teachers a peek into the life of Dr. Radhakrishnan. This was followed by a speech by our headmaster Mr. Arunjit J.P. Biswas, who spoke about the significance of Teachers' Day. As the speech concluded, the cultural program began which included some Dance Performances, Rabindra Sangeet, and a song by class IV for thanking the teachers. After the celebration the students and class-teachers left for their respective classrooms where the celebrations continued.

BAKSARA H.S. P. VIDYALAYA

In this session 2019, Baksara H. S. P. Vidyalaya had enrolled 376 students in this formal School. 64 students have newly joined and other 312 students are our old students, who have registered again. 37 students of (class) level viii (eight) have completed their course and have left our school with the Transfer Certificate and have enrolled in other Government formal Schools for their further study. Few students of other classes also left our school due to change of their parents job and some migrated to their native land.

At present we have 376 students from L K G to class VIII. There are 13 teachers and one Headmaster. All the teachers are giving their full effort in teaching under the able guidance of our Education Supervisor Mrs. Sandhyasree Sah of H.S.P. These little stars are made to shine by these teachers' effort and commitments. All the children are studying well and they are very happy to learn everything that is taught here.

Celebrations -

- We had just finished our first Summative and Half yearly Exams, where 98% of students have passed. Other 2% have been absent due to sickness or unable to attend because of unavoidable reasons. Teachers prepare their lesson plans before hand and concentrate on their teaching with love and care.
- We have introduced Natural Club Activities like Literary and Arts, where the teachers teach them about literary items of poems, Speech. Debate and speech trainings on stage. In the Arts group, Dance, Songs, Crafts and Dramas are being taught. This Natrual Club activities takes place every Saturday. Students are very happy to learn and actively participate without fail. Now, we are installing Soft Boards in our class rooms, where, we will Exhibit different articals and items which comes out of our students and teachers brilliant mind. This will be an attractive learning for them. We inculcate curricular and extra-curricular activities in our teachings.

Prognalaya Special School (Ashaneer)

Celebrations -

- **Rabindranath Tagore Birth Day (9th May)** - Rabindra Jayanti is the day which marks the birth anniversary of the great Scholar, Novelist and Nobel Laureate Rabindranath Tagore. It is celebrated throughout the country on the 25th day of the month of Baisakh. At early morning we put garlands on the portrait of Rabindranath Tagore. Just after a group song recited by us with our children. Then performing one by one group dance, poem etc by the students. At end we show family photograph of Rabindranath Tagore through Laptop, and distributed some sweets.
- **Teacher's Day (5th September)** - Teacher's Day is celebrated every year on 5th September to pay honor to our selfless teacher and their priceless job. 5th September is birth anniversary of our earlier President Dr. Sarvapalli Radhakrishnan who had requested to celebrate his birth day as the Teacher's Day to respect Teacher's all over India. Here are some celebration ideas applied by some parents for teachers that can make every teacher feel special.
- **Children's Day (14th November)** - Children's Day is a commemorative date celebrated annually in honour of children on the birth anniversary of the Jawahar Lal Nehru. We have organized a small motivational programme in classroom and distributed chocolate.

Special Visit - 6th September, 2019, 27 candidates (Care Giver Trainer) have come from IICP Institute. All of them were "Sisters and Brothers". They were very humble to observed challenging children. They appreciated to know our common belief. We believe that Special Needs students should be placed in the General Education class room with their non-disabled peers. That day they have visited Pushpa Home too.

Case Study

Sweta Misra - Sweta Misra is 13 years old multiple disabled child. She came here just two years ago on January, 2017. When she joined us, she would not be able to cope up in regular schooling. Her development milestones were delayed and early stage her parent realized that she is a differently abled child. But they do not have any idea of a developmental way for their child. Last two years ago 2017 she admitted HSP Ashaneer Home. At first she used to cry all the time. Through IEP (Individual Education Programme) Training, Motor Skill Training, Occupational Therapy, Behavior Modification etc she slowly coped up and changed. Over the year she has become a friendly, well-mannered and she adapted language through gesture. Expressive and Receptive language she can comprehend or express through gesture and eye contact. She is producing some sound to communicate.

SMCS PROGRAMME

The safe Mother and Child Health programme was started in the year of 1978 just after the inception of Howrah South Point. The basic objective of the project is to address and identify malnourished children and their Mothers. Eradication of malnutrition is one of the mottos of the programme.

Activity :

Awareness Programme - Social awareness is one of the community mobilization tools to disseminate different information to community people. SMCH have three centre and population near about twelve thousand (12000) in three centres. Most of the populations in three centres are minority, Tribal, migrant Labours family and other community members. SMCH staff members discuss different social issues like prevention & control of different communicable Disease, common Health & Hygiene issues, five steps of Hand washing, Precaution to be taken during pregnancy, Importance of balance diet for children and pregnant mother, pre natal & post natal care and importance of immunisation for children, best feeding practice etc. After a series of awareness many pregnant mother change their practice their behaviour like in monsoon those are living in slum now they are boiling the water and after that it is consumed, they are wash their hand with soap after defecation and before taking food, most of the PM mother register their name in Health centre for three minimum Anti natal check-up in Govt. Health centre and another major impact is most of the pregnantmother delivering at Govt. Hospital or nursing home so, institutional delivery now has improved. No. of immunisation also has been improved after this intervention.

Distribution of Ration/ Supplementary Food - Every month ration has been distributed for pregnant mother and children as a supplementary Nutrition and reduces the gap of Nutrition in daily life. There are three centre, Baksara, Lalkuthi and Coal Depot. And number of beneficiary is 150, 150 and 200 respectively. Most of the beneficiaries in coal Depot are migrant labours and resettle in the Govt. lands. Most of the beneficiaries are living in slums and there are very poor Hygiene condition throughout the locality only have two drinking water provision and only one community latrine though that condition of latrine is not well functioning. Liquor abuse is one of the striking problems among the male members of family. Baksara also have a same picture but most of the community members are in minority classes. Lalkuthi is mixed community but many people resettle in Govt. vested land near to DVC canal, many people temporarily construct their Home in canal side. Most of the male members are Daily labours and women are working as a made to others Home. But after intervention of SMCH the situation now little bit improved.

Weighing of Children - Every month SMCS staff weighing children and suggest the mothers for appropriate measure. They discussed about the balance Diet for breast feeding mothers and children above six months of age. Every month they track individual children and make a Growth chart to identify the Growth status of children. As per data they weighing 3102 children and out of that 2395 children are marked as a normal or green levelled baby, 190 children are marked as a Big danger or Red levelled baby and 517 are marked as a danger or Yellow levelled baby. After their intervention the Red level and Yellow level baby gradually improved their Growth rate. They also recommend Nutrimix is homemade mixture of Wheat, gram flower and molliies mixed with either milk of Hot water.

Vaccination - Staff members are discussed the importance of vaccination with pregnant mother and lactating mother. They also motivate pregnant mothers to register their name in Primary Health centre, BPHC or District Hospital for at least three anti natal check-up and take two tetanus injection before delivery. In awareness programme with community members they share about the immunisation of children after birth like polio, BCG, DTP, PCV, MMR, Rubela, Influenja (Hib B) vaccine, Hepatitis B vaccine etc. Almost 99.9% children now understand the reality and children are covered under this vaccination.

Case Study - Sony Yadav, the daughter of Mina Kumari, was born 20th May 2016, during her birth her weight was 2kg which was far below than normal weight of 2.5 kg and marked as Big Danger. But after the intervention of SMCH she gradually improved her weight and Health condition after six months. She suffers the problem of indigestion for a long time but after the intervention of SMCH staff members she gradually became improved, they first suggest to take boiled water to her children, proper Hand wash with soap before taking food and after defecation. They also suggest to takes different type of green leafy vegetable, protein and balance diet etc.
